Dear Sir:

Applicant responds to the nonfinal Examiner's action mailed November 27, 2002, having a shortened statutory period for response set to expire December 27, 2002 as follows:

Applicant requests that the attorney docket number for the application be changed from 24394 to 1372.32.

IN THE SPECIFICATION

Applicant requests that the title of the application be changed to "ELECTROPORATION DEVICE" to reflect the election response.

RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

Applicant notes that in the Examiner's action mailed November 27, 2002, the Examiner has classified Group I as drawn to a device for manipulating a molecule and cited claims 1-17 as being within this group. Group II was classified as being drawn to method of achieving distribution and delivery of a molecule from a body location into a target tissue and said to include claims 18-27. Upon further inspection, the applicant has verified that claims 1-15 should be included in Group I and that claims 16-27 should be included in Group II.

Based on the previous clarification, applicant elects to prosecute claims 1-15 of Group I, drawn to a device for manipulating a molecule, classified in class 604, subclass 20. This election is made without traverse.

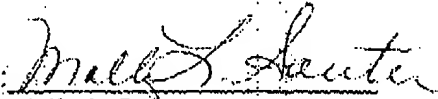

REMARKS

If an Examiner's Amendment would place the pending claims in condition for allowance, a telephone call to the undersigned at (727) 507-8558 is requested.

Very respectfully,

SMITH & HOPEN
